Finishing:

Block the parts.

Sew shoulder seams.

Pick up 88 sts from the neckline. Work rib in the round with circular needle size 5.5 mm. When piece measures 10 cm cast off sts as they appear.

Pick up 62 (66 - 70) sts from the armholes. Use circular needle size 5.5 mm and work open work in rib pattern. When piece measures 8 cm cast off sts as they appear.

Sew the side and sleeve seams, remembering that the back piece is 4 cm longer than the front piece.

Knit a Swatch to determine Gauge.

To do this, knit a 12 x 12 cm piece in the pattern of your chosen model. Then count stitches and rows in the 10 x 10 cm area.

If there are fewer stitches than indicated in the instructions: knit tighter or use thinner needles (1/2 to full needle size).

If you have counted more stitches: try to knit more loosely or use thicker needles.

Please note: knitting varies.

Therefore, the knitting gauge specifications on the banderoles of the wool are not to be regarded as binding.

In addition, these are always created on the basis stockinette stitch.

For a perfect work, the stitch test in the desired pattern is a must. So that your desired model not only looks good, but also fits!
